Remarks:

- **mDesign** is a marketing name of Muang Thai Unit-Linked 1 Insurance Plan (Regular Premium).
- Applying for insurance, changing, or canceling a base plan or a rider may impact the premium amount (excluding investments) eligible for annual personal income tax deduction.

Warnings:

- Investments are risky. The insured may receive more or less money than the premium value that is allocated to mutual funds. If a mutual fund performance has profit, the insured will receive high return. However, if mutual fund's performance has dropped, the insured will receive low return or might receive a loss in some cases, meaning that investment amount to be received may not be in full. Moreover, this policy does not guarantee the investment amount.
- This policy is suitable for long-term savings. As there is surrender and partial withdrawal fee, the partial withdrawal amount or cash surrender value may be less than redemption value. The insured should study details from the expense table and the surrender fee table.
- The insured should study the details related to risk from mutual fund investment in the prospectus.

- The insured can study the information regarding fees and expenses of other funds than stated in this policy from the prospectus.
- Buyers should understand details of coverage, conditions and risks before making a decision to purchase insurance.
